

Coaching licenses Reimbursement policy

Reimbursement policy applies only for courses and or seminars given in our province by the clubs, region, Quebec Soccer Federation and the Canadian Soccer Association. The A License is the only level that may be given in our province or any other across our country.

The tech staff member or coach must register and pay the amount for the course and or seminar and then be reimbursed as per the policy. They must provide an official receipt.

For any coach or tech staff member to register, pay, participate and be reimbursed for anyone of the courses and or seminar mentioned below, they must 1st be approved by the Technical Director.

S2, S3, S7 license

- coach participates in course (no exam necessary) reimbursement once they complete the summer season. No reimbursement for assistant.

C, DEP/ESP, B and A License

- reimbursement only if they succeed in obtaining the license, 50% of the amount once they succeed, remaining 50% at the conclusion of the following summer season.
- If they leave after the 1st year or we do not have them back, they do not get the remaining 50% because they are not coaching for a second year with the club.
- If they coach another team or in another program with us thus, they have coached 2 consecutive years, they get the remaining 50% upon the completion of that season.

Technical staff (GK)

- The same policies as above apply. If courses are not available in our province or country, a separate reimbursement procedure will be decided by the TD and approved by the board per course required.

Technical director and Tech Coordinators

- Reimbursement as stipulated in their contracts for all the courses and or seminars required.

Regional Seminar

- The region automatically charges the clubs for 2 people per team thus reimbursements are not needed.

Federation Annual Recyclage for LDP, PLSJQ, LSEQ coaches

- It's mandatory to attend every year in order to be on the bench in games for age groups and categories required. For this seminar only the coaches will be reimbursed the full amount at the end of the season.
